

St. Boniface Parish

is pleased to offer

Tuition Credits at WCS

As far as fundraisers go, SCRIP really is a “painless” program. Your family purchases gift cards from the St. Boniface Parish office, at church, or online at www.Shopwithscrip.com and use those cards to do as much of your regular household buying, special purchases and gift giving that you possibly can. St. Boniface Parish, as a non-profit group, earns a small rebate on these card purchases, which we share with you as Tuition Credits. Rebates build up and literally cost nothing on top of what you normally spend.

In May 2015, SCRIP tuition credits were rolled out to WCS families allowing you to set aside 50% to apply toward tuition credits, with the remaining 50% going to St. Boniface Parish. Friends and family members can also purchase gift cards and designate that their earnings benefit a WCS family of their choosing. Now friends, family, faculty & staff, as well as neighbors can all get involved by pledging their rebates toward lowering your tuition. Having others support you can really help build up your credits!

Another great option for those who choose not to benefit from tuition credits might be the “HALO” account. The “Halo” option is a form of outreach that allows *your* rebates to benefit students in need of assistance, thereby allowing them to stay in school when they otherwise could not afford to pay. The fund was created by St. Boniface Scrip, with the school principal administering the account. This is a great option for faculty or staff, or the parents of a child in 8th grade, who can no longer use their credits for next year’s tuition. “HALO” stands for “Helping And Loving Others” and is a great choice to designate a percentage of *your* rebates!

Our normal Scrip year runs from July 1st through June 30th of the following year. Credits will build up in your account throughout that period based on the rebates you receive from the cards you buy. 50% of these credits will then be applied to your Fall Tuition Statement. In other words, you build up rebates from July 1 through June 30, and those credits apply to the following school year’s tuition.

Scrip can be earned for tuition discounts from Pre-Kindergarten through 7th grade (for your child’s Kindergarten through 8th grade years). Rebates earned on your Schnucks Customer Card will also be added in to your total credits.

Your SCRIP coordinators are eager to help you get started. This page contains links to help you sign up and tell you about some of the new ways to purchase Scrip without buying an actual plastic gift card. Please call us with any questions you may have. We can have you racking up those credits in no time!!!!
